

Bronchial Anthracofibrosis Case with Endobronchial Tuberculosis

Taha T. Bekci, Emin Maden, Levent Emre

Abstarc :

We reported a case with bronchial anthracofibrosis and endobronchial tuberculosis. Our case demonstrated this possible correlation between anthracofibrosis and endobronchial tuberculosis. We showed this correlation visually and microbiologically.

Key Word :

Anthracofibrosis, endobronchial tuberculosis, inflammatory bronchial stenosis
